- Summary of EC business since January 1

Discussion: Reg went over the highlights of the Council meeting. Main speaker was Randy from WATVA to discuss legislation topics and funding. Jake from Forestry was also there and gave some updates on Oneida County trails. Shingle Mill Road will be revamped this summer. Water spigots at the campground were also updated.

The Executive Committee met three times since our December meeting. A donation policy was developed and approved - \$500/year from our club can be donated, with the donations being in support of our sport. A request should be submitted in writing to the Club. The County asked us to take over the Pine Lake UTV trails wish we have agreed to. Crescent will also be taken over if we get a letter stating that the club is dissolved. Grants with the Rhinelander Community Foundation and Chamber of Commerce were applied for and received. Meat Raffle was good even though the weather did not cooperate. A small utility trailer was approved for purchase. Seven map sponsors were visited for meals by club members during the winter months.
